

Have You Heard of **PinPay**?

PinPay is a PIN secure payment system that allows businesses to accept secure PIN debit card payments and transactions at their online or off-line stores using the **Softcard**. It also allows in-store clerks to assist customers with bill payments, card-to-card transfers, card loads and other **Softcard** services. The system provides the merchant with instant good funds, no charge-backs, no hold-backs and low payment processing service fees.

Become an Authorized PinPay Merchant!

Could your business benefit from access to over ONE BILLION new customers?

Could your business benefit from NO fraud, NO charge-backs! and NO hold-backs! EVER?

PinPay Merchants will encounter no set up fees, no charge-backs, no minimum deposits, no hold-backs, the ability to co-brand their own card and the lowest transaction and transfer enablement fees of any money movement system available and access to over a billion new customers worldwide from day one!

PinPay - the world's first global, e-commerce capable, pin-based Electronic Funds Transfer (EFT) System has now arrived!

PinPay with Softcard does not require participants to have a bank account or credit score, to have reached a certain age or tender a minimum deposit!

PinPay Softcard users will encounter no monthly account fees, no interest payments, no late fees and no over the limit fees!

PinPay Softcard users can quickly and freely acquire an account, load their account and spend with true pin debit at any participating on-line or off-line merchants world-wide.

PinPay users can send already loaded funds free to any Softcard holder world-wide. PinPay users who receive funds into their PinPay account can use them immediately. PinPay empowers Softcard holders to be better than a bank anywhere they go!
